

Designer Pools

Making Your Dream Pool A Reality! If You Dream It... We Can Build It!

About Designer Pools

Featured in the June 2016 issue of Architectural Digest

Since 1995, Jorge Garcia of Designer Pools, Inc. has been transforming yards into imaginative outdoor living spaces in the South Florida area. Designer Pools has been recognized as a highly respected pool construction company by delivering his signature style and quality craftsmanship. Designer Pools approaches each project on an individual basis, using space, sound and color to capture the essence of your home. Your project begins with a no-cost consultation.

We personally oversee each project from the original design and development through construction to final completion. The Designer Pools' signature is your guarantee of quality craftsmanship and excellent customer service. Whether you are a new homeowner, want to transform your existing home, or inject new life into a commercial facility, you'll enjoy the peace of mind that comes from a relationship based on trust.

Our quality of work is consistent, correct and monitored by our strict demands. We strive for excellence and your satisfaction for years to come. Your friends and neighbors will say "WOW!" to your personal signature design and our quality installation. We never compete to be the "lowest price" but we always compete to be the "BEST IN QUALITY AND SERVICE."

Designer Pools strives to give its customers the service and quality they deserve. Allow Designer Pools, Inc. to make your dreams come true, and you'll experience the pleasure of owning a quality built swimming pool and spa using the most technologically advanced equipment available today.

FAMILY OF BRANDS | Heritage of Excellence

HERITAGE OF EXCELLENCE

For more than 100 years, we've developed forward-thinking products that afford our customers a better life. Today, our products are the most innovative, easy-to-use and reliable pool and spa products on the market.

THE VERSA PLUMB SYSTEM

Equipment that works together for ultimate efficiency

50% More Hydraulic Efficiency*

The Versa Plumb System reduces hydraulic resistance by up to 50% versus other equipment sets in its class.

Uses Less Horsepower

The Versa Plumb System's increased hydraulic efficiency allows for up to a 1/2 HP smaller pump to achieve the same level of flow, resulting in greater energy savings.

50% Less Plumbing Pipe and Fittings

Innovative system design requires less plumbing pipe and fittings, while increasing hydraulic efficiency.

VS PlusHP 2.7 THP Variable-Speed Pump

- Features a totally enclosed fan-cooled (TEFC) permanent magnet brushless DC motor for cooler operation and extended motor life
- When used at energy-saving lower speeds, the advanced motor design of the VS PlusHP generates up to 70% less noise than single-speed pumps
- Digital controller with two timed speeds/8 speeds total. Remotely-mounted controller provides easy access to pump controls. Reliable battery backup ensures time and settings are stored if power stops
- Auxiliary circuit can be used to control other devices such as booster pumps or saltwater chlorinators without the need for an additional timeclock

JS Series Sand Filters — Versatile and Efficient

- Versa Plumb-ready for quick connection to Jandy Pro Series pumps and equipment
- Side mount allows for easy installation or replacement of existing filter
- Clean/dirty indicator on pressure gauge allows you to know exactly when to clean the filter for optimal filtration and water savings
- Large 2" drain port
- Three backwash valves available
- Extra-deep sand bed and dual diffusers for superior filtration
- Heavy-duty, durable composite body made of corrosion and UV-resistant materials
- 24" and 30" models available

JXi™ Pool and Spa Heater with VersaFlo™ Integrated Bypass Technology

- The hydraulic savings of VersaFlo make it the perfect complement to Versa Plumb, which reduces plumbing costs and maximizes energy efficiency in the smallest footprint available
- 83% thermal efficiency rating and low-NOx design surpasses strict DOE energy-efficiency requirements
- VersaFlo offers up to 20 percent additional energy savings**

*Comparison is between Jandy Pro Series Versa Plumb System using a Jandy Pro Series Pump, Versa Plumb Filter, LXI™ Heater, AquaPure® Salt System, and Never Lube® Valves with sweep elbows versus competitors' equipment using comparable pump, filter, heater, sanitizer and valves.
**Versus a similar system without VersaFlo

AUTOMATION

AquaLink® RS — Premium Automation at its Finest

Zodiac's top-of-the-line Jandy Pro Series AquaLink RS systems enable total control of the backyard experience. AquaLink RS systems are fully integratable with home automation systems, and feature our patented seasonal adjust technology, which can modify schedules throughout the year for substantial additional energy savings. AquaLink RS delivers the ultimate pool/spa automation experience.

- Control individual pool and spa functions, lighting, and water features from the convenience of your home
- Automate daily pool equipment functions, such as filtration, sanitation and cleaning, and create one-touch macros

Instant Pump Automation Just Add iQPump01

- Easy to use app for anytime, anywhere pump control
- Wi-Fi used for hotspot technology allows pump set up and programming, even without Internet access
- Remotely manage key service functions
- Compatible with all Jandy Pro Series variable-speed pumps.

LIGHTING

Jandy® Pro Series Underwater LED Lighting

- 9 vibrant colors and 5 light shows (RGBW WaterColors Lights)
- Energy-efficient and low-voltage (12VAC)
- Nicheless mounting reduces construction costs
- Three power levels for ultimate flexibility

Jandy Pro Series Standard LED lights

- Provides more than 50,000 hours of lighting
- Unique wide-angle lens design saturates your water with a wide variety of primary colors and blended water colors
- Uses less than 50 watts
- Reduces energy expenses by up to 90%
- Choose from five color shows or let Jandy Pro Series WaterColors transition through continuously changing colors

Jandy Pro Series White Lights

- Corrosion-free stainless steel housing, long-lasting bulbs, and diffused tempered glass offer hassle-free ownership
- Available in 12V and 120V models
- Available in 100-watt, 300-watt and 500-watt models
- Face rings available in stainless steel or colored plastic to complement any pool finish

WATER FEATURES, JETS

Laminar Jets with LED — Sheer Entertainment

Laminar Jets with LED create spectacular backyard water entertainment with dazzling nighttime lighting effects. They produce clear or lighted arcs of water as they silently enter the pool or spa.

- Comes standard with built-in 12V LED lights, adjustable to the preferred intensity, and can be synchronized with Zodiac® pool and spa LED lights
- Innovative internal flow adjustment valve conveniently located inside the canister

Deck Jets and MiniJets® — Add Fun and Excitement

Deck Jets create a beautiful arc of shimmering water from the deck to a pool or spa. They can be installed in almost any combination and the effects they create can be changed to meet any mood. MiniJets are designed to project a stream of water at a 45° angle of trajectory for a distance of up to 13 feet from the deck or under the coping.

POOL FINISHES

HYDRAZZO

Toughness Without Roughness

The most beautiful pools in the world are surfaced with the hand-polished magic of Aquavations Hydrazzo. It's the smoothest, richest and most luxurious surface available, formulated from time-proven technology and the earth's finest raw materials. Aquavations Hydrazzo combines naturally beautiful coarse graded crystalline and colored marble, along with white Portland cement and a host

of other performance-enhancing ingredients to create the ultimate pool coating.

With unique color selections and natural variegated appearance, Aquavations Hydrazzo complements all poolscapes designs. This polished pool surface creates a finish that is naturally resistant to spot etching, topical stains, permanent scale and algae adhesion.

WATER FEATURES, FALLS

Sheer Descent waterfalls produce a clear arc of water that can be adjusted from a silent glass-like sheet of water to a rushing mountain waterfall.

Sheer Curtain waterfalls produce a clear curtain of water that descends straight down to the pool.

Sheer Arc waterfalls project up at 45 degrees and then naturally arc and descend to the pool surface.

FiberFall uses a fiber optic light to add an entertaining lighted accent to waterfalls. (Fiber Optic light driver sold separately)

Sheer Rain waterfalls provide streams of water projected at a 45-degree angle, creating a unique waterfall sight and sound.

Rain Arc produces streams of water that project up at 45 degrees and then naturally arc and descend to the pool surface.
